

Ethereum Magicians Protocol Roadmap

Session

Anett Rolikova

Internship Program Manager, Nethermind

Rough Agenda

- **15:00-15:10: Introduction**
 - Overview of the session, explanation of ‘fishbowl’ and throw back to
- **15:10-16:00: Merge Retrospective**
 - Facilitated discussion with merge contributors about what went well, how we can improve for future upgrades, etc.
- **16:00-17:00: Discussion of Surge/Verge/Purge/Splurge 1 & related changes**
 - Fishbowl conversation about these various “large” roadmap items, and how client teams, researchers, and attendees in general think about their relative priorities
- **17:00-18:00: EIP Rapid Fire**
 - Short discussions about specific EIPs, with priority given to EIPs which have signalled 25 they wish to be considered for Shanghai.

Ethereum Magicians ???

- Community of Individuals collaborating to improve Ethereum
- Providing noise free space for discussing Ethereum Improvements
- Mainly Ethereum Improvements Proposals (EIPs) and Ethereum Request (for) Comments (ERCs)
- Key forum for Core Devs and anything EIP related

Ethereum Magicians

- Facilitating in person fishbowl alike discussions and hosting Ethereum Improvements events
- We are hanging out on <https://ethereum-magicians.org/> but sometimes in person too

Ethereum Roadmap 2020 session recap

- Similar fishbowl alike session as today but **3 years** ago !!
- Focused on Proof-of-Work to Proof-of-Stake Transition

Sessions:

- ETH1
- ETH1.x to ETH2
- ETH2.0

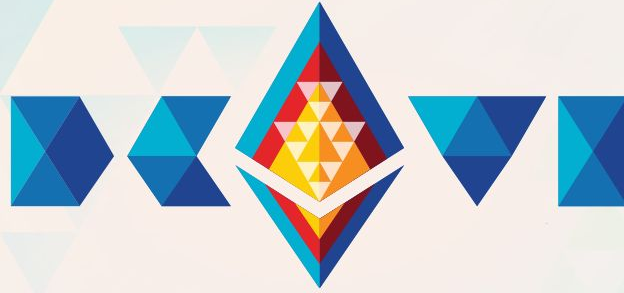

& Lots of Q&A Vitalik got inspired and produced many posts on ethresear.ch forum

Ethereum Roadmap 2020 Highlights

- EIP-1559 Fee market change for ETH1
- Agreed that ProgPoW is too conspiracy driven EIP
- State Rent
 - There should be rent fee for dApp storage
- First ideas for Stateless client
- Sharding ideations
- Ethereum transactions history archive

Today's session Fishbowl format

- Fishbowl alike session - anyone can join the circle and replace anyone else
- Talk
- Ask questions
- Take notes
- Publish them to <https://ethereum-magicians.org/>

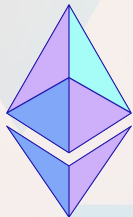

Let's make Ethereum more
diversified!

Appendix

Some assets.
